

Now even more relaxing

Situated on a granite hill overlooking the Indian Ocean, the North Island spa famously has a view almost as relaxing as the treatments on offer.

With our barefoot welcome ritual, the calming influence of time on the Island is felt the minute you step ashore. To ensure that your entire stay is rejuvenating and revitalising, we've extended North Island's legendary generosity to include a very special offer on our spa treatments.

From 6 January till 23 December 2018, receive 50% off two spa treatments or private yoga sessions per guest, as well as taking advantage of our special Stay 7, Pay 6 offer.

North Island has long been a haven for endangered wildlife, and it is now an even more inviting hideaway for humans too.

Relax – you're on North Island.

This special offer is applicable for travel between
5 January and 23 December 2018.
