

NORTH ISLAND AWARDED MOST ROMANTIC RESORT

POSTED ON: 1st April, 2018

North Island is Africa's most exclusive private island, situated 30km from the main island of Mahé, Seychelles. Extremely secluded with only 11 spacious guest villas, North Island is renowned for its luminous white beaches, fringing reefs and azure Indian Ocean.

North Island offers an unrivalled experience where luxury, bespoke service and a generous all-inclusive offering combine to give guests the ultimate privacy and exclusivity. On land or in water, the choices on North Island are many and varied – from cool forest trails and mountain biking to snorkelling, diving, kayaking, fishing expeditions and romantic sunset boat cruises.

North Island is a sanctuary where natural habitats, long neglected, were rehabilitated so that endangered Seychelles fauna and flora could be reintroduced and given a place to grow and thrive.

North Island was announced the Most Romantic Resort in the Indian Ocean at the prestigious Love Travel Awards 2018 ceremony held in Monte Carlo, Monaco, hosted by Amour Forum. The awards accord special recognition to properties which, in the opinion of experienced romance travel professionals, stand above and beyond all others.

Nominees for the Love Travel Awards are shortlisted in consultation with the most important influencers across the romance travel industry before the trade votes for their favourites. Bruce Simpson, Managing Director of North Island, who accepted the award on the 12th of March said, "We are honoured to have received a Love Travel Award – the ultimate badge of honour in romance travel. The ceremony was a wonderful opportunity to get together with the world's leading properties in romantic experiences and establish lasting relationships with some of the industry's top players, from honeymoon specialists to destination wedding planners."

World-renowned for romance, North Island is a favourite honeymoon destination fit for royalty. Set on a private island in the Seychelles amid exquisite natural beauty, North Island offers complete privacy and exclusivity, making it the ideal destination for intimate proposals, milestone anniversaries and bucket-list baby moons. The entire island can also be booked exclusively for the ultimate wedding celebration. With just 11 villas, guests can experience their own private island.

North Island is an exceptional destination where barefoot luxury, personalised service and a generous all-inclusive offering combine to give guests unforgettable romantic experiences. The North Island team delights in creating perfect island moments, tailor-made for two.
